

# Women conquer the world

## On the way to far away countries

---

What used to be almost impossible for women is possible for women today!

*"To travel you need patience, courage, humor and not letting yourself be knocked down by small adverse coincidences."*

*Adolph von Knigge (1752-96), German writer.*

### Do you like to be on the move or do you want to be?

#### Here you get the highest quality content and an interesting exchange!

What this means for you: You will find out how women used to travel.

This means for you: You get to know different countries/regions.

This means for you: You are well prepared.

This means for you: You can enjoy your travels.

#### You will be sensitized regarding different cultures and countries by focusing on
